**Kurt, Christina
& Jed**

Fellow Cattlemen,

Welcome to the 2020 Hallstrand Angus sale. We are excited about the offerings which you have to choose from. This year's bull offering may be the best to date. Whether looking for high growth genetics, calving ease or maternal traits, we feel we have those bases covered. We continually are looking for new genetics that will enhance our herd. The bulls have been sire checked, and most have i50k checked so buyers can make their best genetic decision. This year we will also be offering 6 open yearling heifers and 4 bred heifers from the heart of our herd. These heifers would make great additions to your herd or if you're just starting out.

New this year: Our sale location will be at our Ranch headquarters. This location is about 6 miles south of the old sale facility and is on paved roads, all the way to the ranch - "No more mud". Also new this year we will be offering our sale on DVAuctions. We want buyers who can't make it physically to the sale to have more options. We will be able to receive bids now by phone, Internet or at the auction itself. If you're not comfortable with online bidding contact us so we can help you with it. We encourage you to come and view the cattle prior to the sale.

In closing, we want to thank our customers for all their support. We want to help you make the best decisions for your herd. We also want to thank all the family and friends for the help of putting on the sale. Please feel free to contact us with any questions.

Sincerely,

Kurt & Todd Hallstrand

Todd and Karen

\$Value Indexes

CALVING EASE DIRECT (CED), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

BIRTH WEIGHT EPD (BEPD), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

WEANING WEIGHT EPD (WEPD), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

YEARLING WEIGHT EPD (YEPD), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

MATERNAL MILK EPD (MILK), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

CARCASS WEIGHT EPD (CW), expressed in pounds is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

MARBLING EPD (MARB), expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

RIBEYE AREA EPD (RE), expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

WEANED CALF VALUE (\$W), an index value expressed in dollars per head, is the expected average difference in future progeny performance for pre-weaning merit. \$W includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk, and mature cow size.

BEEF VALUE (\$B), an index value expressed in dollars per head, is the expected average difference in future progeny performance for post-weaning and carcass value compared to progeny of other sires.

HALLSTRAND ANGUS

5TH ANNUAL Production Sale Held at the Farm in Ogema, Wisconsin

SATURDAY • 1 P.M.
April 25, 2020

on sale updates due to Covid -19.

TERMS AND CONDITIONS:

Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf).

LIABILITY:

All persons who attend this sale do so at their own risk, legal or otherwise, for their safety or for the behavior of the animals. The owners, sale management firm, and the sale staff assume no liability for property loss or any accident that may occur.

HERD HEALTH:

All cattle will be accompanied by proper health certificates for immediate shipment. All cattle are current on their vaccinations and have had Bovishield Gold, Covexin 8 and Fuscguard. All cattle have had the HD 50K Pfizer and parentage test. All bulls will be semen tested in mid-April.

TRUCKING:

Truckers believed to be reliable will be available to assist you in shipping your purchases. Will provide complimentary transportation on bulls delivered within 500 miles of the sale.

LIVESTOCK MORTALITY INSURANCE:

To properly insure your investment, James F. Bessler, Inc., will be available to assist you with mortality insurance coverage. (815) 762-2641.

SUPPLEMENTAL INFORMATION:

A supplemental sheet will be available sale day with complete and up-to-date calving information. Announcements from auction block regarding the cattle selling in this sale take precedence over information listed in this sale book. Up-to-date genetic recessive status can be viewed online at www.angus.org.

This sale will be broadcast live on the internet.

COMMENTS FROM THE SALE MANAGER:

On behalf of the American Angus Hall of Fame, it is a pleasure to be working with the Hallstrand family on this outstanding event. This marks the 5th Annual Production Sale for the Hallstrand family who have been long time Angus breeders who are dominant in the northland with producing performance bulls that will add pounds, eye appeal and balanced traits across the board for EPDs and high maternal traits.

As you flip through the sale offering you will find an excellent set of service-age bulls with outstanding EPDs backed by genomic enhanced EPD performance. You will also find a top set of females from the heart of the herd.

If you have any questions, please feel free to contact the American Angus Hall of Fame at 816/532-0811.

Sincerely,

Tom Burke

- This outstanding son of SydGen Enhance has been a standout from day one. He is long bodied with tremendous depth and a beautiful pattern.
- He stems back to one of our featured daughters by the Pathfinder Sire, GAR Prophet, and the legendary Rita 5F56 of 1198 FD, who is one of the top income-producing females of the breed back to the \$1 million plus producing Rita 1198 of 2536 Rito 616.
- Fourth-generation dam is one of the all-time high income-producing females of the breed and dam has a progeny production record of WR 1@103 with one daughter in production with an average nursing ratio of 111.
- He reads with tremendous growth on weaning and yearling, +1 on marbling and +200 on \$Beef.

JINDRA AUTHORITY 697 - Reference Sire H.

YOU'VE DONE THE WORK.

Get paid for it.

You've invested in good genetics.
You've kept all the records.

AngusLinkSM combines USDA Process Verified Programs with a Genetic Merit Scorecard that gives buyers confidence in your calves.

From age and source verification to cattle care and handling, you choose which programs make the most sense for you.

Group Age & Source: Verifies the group age and source of the cattle

Angus-Sired Genetics: Verifies calves are sired by 100% registered Angus bulls

Non-Hormone Treated Cattle: Verifies cattle have never received hormones

NeverEver³: No antibiotics, no hormones, no animal by-products ever

Cattle Care & Handling: Documents proper management, demonstrates quality commitment

Calf Management: Documents preventative health program

Genetic Merit ScorecardSM: Measures the genetic merit of calves for feedlot performance and carcass merit.

**Optional, not part of the PVP claims*

Easy and affordable, our customer service representatives walk you through the process.
